CMN3916 - Internship

CMN3916 - Internship

- Looking for professional experience but not enrolled in CO-OP?
- Want to confirm that your studies are heading in the right direction?
- Want to enhance your student experience?

Whatever your reasons for taking an experiential learning internship, you are bound to gain relevant experience from it, because it's tailored to your interests. CMN 3916 is a supervised internship in an external organization or here at the University. It stands out from others since it enables you to establish a working relationship (either paid or unpaid) with the employer of your choice.

At the end of the internship, you must write a report, under the supervision of the department, highlighting the link between your experience and your studies.

Simply put, with this internship program, you will be doing what you want, where you want. Best of all, you earn three credits towards your degree!

Set yourself apart! Take your studies in the direction you want - you'll be on your way toward the dream job you've been thinking about since first year.

If you meet the requirements below, get started by contacting the Internship Coordinator, Dr. Jenepher Lennox Terrion (jlennox@uottawa.ca).

DESCRIPTION

CMN 3916 Internship (3 cr. – 120 hours)

An internship enables you to establish links between your university studies and the professional world. Simply put, you apply the theoretical concepts explored in class to real-life situations in different organizations. For this reason, the internship comprises two aspects: one theoretical, the other practical. It involves crafting a research question (theoretical aspect) and then exploring its merit and scope through activities in an organization (practical aspect).

ELIGIBILITY CRITERIA

To take part in an internship, you need a cumulative grade point average (**CGPA**) of at least **7.0** with no deferred grades (**DFR**) and must be in the third or fourth year of an honours or a joint honours program in communication. You must be prepared to complete 120 hours of work or volunteer in a timeframe of one semester.

Notes: You may not register (with an Academic Advisor at the Faculty of Arts) for an internship before your application is approved by the Department (Internship Coordinator).
